

WHO WE ARE

Three O'Clock Project is a nonprofit organization. Our mission is to provide healthy meals and nutrition education for at-risk students after school.

WHAT WE DO

We partner with schools, after school organizations, food vendors and local communities to provide healthy meals and education at little to no cost.

HOW IT WORKS

We are an approved sponsor to serve meals through the Child and Adult Care Food Program (CACFP) and also Summer Feeding Program. Let us take on the administrative burden of managing this federally funded program, and get healthy meals to the children in your care.

In partnership with East Baton Rouge Schools and Three O'clock Project Breakfast and Lunch will be served at the following EBR sites from 11am-1pm on SATURDAY and SUNDAY

- Northeast Elementary, 13801 Pride Port Hudson Rd.
