

# Sonogram/Ultrasound Scan

Family Road of Greater Baton Rouge offers **FREE** Sonogram/Ultrasound Scans to the public. To receive your FREE scan, please call 225.201.8888 or email [acastle@familyroadgbr.org](mailto:acastle@familyroadgbr.org) to schedule an appointment. Scans are performed each Wednesday of the month.

Diagnostic Ultrasound is a noninvasive imaging technology employed in a radiology department or imaging clinic and is used to examine soft tissue and blood flow, such as an OB Scan.

- Scans are performed by BRCC senior students of the Sonography program under supervision of registered experienced faculty
- Scans will be emailed to you or placed on a jump drive provided by you
- You may schedule scans one to two months apart for safety and to allow fetal development
  - The scan will require approximately 30-45 minutes to perform

**Not a Client? Expectant Mothers & Fathers
